## About us:

**Kazi Food Industries Limited (KFIL)** is a venture of the Kazi Farms Group. It started its journey in the year 2013 with the vision 'To be the most trusted consumer food company in Bangladesh'. Presently KFIL has three major brands – Bellissimo (premium ice cream), Za 'n Zee (ice cream) and Kazi Farms Kitchen (frozen and other food items). KFIL has also introduced its bakery product line in 2020. Kazi Farms Kitchen (KFK), the frozen food brand launched by KFIL in the late 2014, has become one of the leading brands in this category in Bangladesh. Kazi Farms Kitchen also has franchised operation that is growing rapidly and presently has more than 150 franchised outlets all over the country.

KFIL entered the export market in 2019 and has already exported flour-based and frozen food items to various countries, including Italy, France, UK, Ireland, USA, Canada, Australia, New Zealand, Russia, Japan, South Korea and Saudi Arabia. KFIL is also a halal and ISO certified company with FDA registration for USA market and is also HAACP certified. Its factory is located at Beron, Ashulia, Dhaka and the corporate office is in Dhanmondi, Dhaka. KFIL is always committed to deliver consumers with food products of the highest quality.

- Vision: To be the most trusted consumer food company in Bangladesh.
- Mission: To provide consumers with food products that are totally safe, free of any harmful chemical, innovative with the highest quality at an affordable price.

## Vegetable-Fed Chickens

At Kazi Farms Kitchen, chickens are raised on feed that does not contain any MBM (Meat and Bone Meal, also simply known as 'slaughterhouse waste'). That is why our chickens do not run the risk of containing any harmful bacteria.

## No Harmful Preservative

Certain preservatives used in food products can be severely harmful for human health. Kazi Farms Kitchen products do not contain any harmful preservatives.

## No Antibiotic Residue

In poultry farms, chickens are sometimes given antibiotics to treat bacterial infections. When people eat farmed chickens or products made from those chickens, they unknowingly consume "residual" antibiotics, which may still reside in the chicken's body at the time of slaughter. This may end up building resistance to antibiotics in the human body. We guarantee that there are no residual antibiotic in Kazi Farms Kitchen products.

## No Tasting Salt

We do not use food additives such as "Monosodium glutamate (MSG)" in our products.
